BETHEL PONY LEAGUERS HAVE EXCELLENT SEASON

On July 6, the Bethel Pony League baseball team, under the direction of coach Charlie Newell and assistant, Duane Scribner, held their first practice. A determined group with a long and difficult schedule, their first game took place on June 27 and on Aug. 14, the season came to a close, with the team having compiled some very impressive statistics: team batting average, .338; team earned run average, 1.24; overall the Bethel Ponies scored 165 runs to their opponents' 19. Of the 13 runs scored against them, 17 were earned, so to score the opponents had to work hard.

Other items of interest were: Each pitcher, Peter Blake, Wayne Cummings, Bill Murphy and Levi Brown, pitched a no-hitter, with Blake and Murphy pitching 2 one-hitters as well. Bill Murphy went the entire summer, pitching 34½ innings without giving up a run. An outstanding record of 14 wins and 10 losses, for which every boy, regular and substitutes, worked very hard.

The scores by games were: Bethel 30, Bryant Pond 2; Bethel 17, Rumford "A" 0; Bethel 11, Mexico 2; Bethel 11, Rumford "C" 0; Bethel 11, Smith's Crossing 4; Bethel 11, continued on page four

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The Assessors have requested I attempt, through this column, to explain the increase in valuation that most taxpayers outside the areas serviced by municipal water and sewage experienced this year. For a number of years factors of 5 to 15% have been applied to most real estate that did not receive the benefit of the sewer and water. It is assumed this was done originally because general taxation supported the sewer. Now users pay for this service as well as for their water. No funds were appropriated in town meeting for either service in 1972.

An example of how these factors were applied is that if the property was valued at \$10,000 and a factor of 10% was used, the tax value would become \$9,000. The reason for the variation in increases within a neighborhood is due to the fact the same percentages were not always applied.

TRI-STATE PASSENGER TRAIN EXCURSION TO BE HELD OCT. 1

On Sunday, Oct. 1, The 470 Railroad Club of Portland, is again sponsoring a Tri-State Passenger Train Excursion from Portland to Island Pond, Vt., over the rails of the Grand Trunk Railway. This is the twelfth annual train trip sponsored by the group, and brings back the joys of train riding to a three state area that is otherwise completely devoid of regular passenger train service.

The all day, 300 mile rail tour has a capacity of 950 persons, and ticket chairman Phillips Prince of 73 Skylark Road, Portland, reports over one half of the available space has already been sold to people from all over the United States and Canada.

The train's route passes through some of the finest mountain and lake scenery in Maine, New Hampshire and Vermont, and the trip will occur near the height of the fall foliage season.

The excursion departs from the corner of India and Fore Streets in Portland at 8:00 a. m. and stops at Danville Junction and South Paris to pick up passengers. The train will consist of three diesel locomotives, an open door baggage car with safety rails for photographers, 18 air conditioned coaches and a snack bar car.

MONTHLY MEETING OF HISTORICAL SOCIETY HELD AUG. 3

The monthly meeting of the Bethel Historical Society held Aug. 3, at the Casco Bank Community Room, was devoted to discussion of the upcoming Sept. 30 celebration jointly sponsored by the Society and the Chamber of Commerce. Ed Quinn, vice president, presided in the absence of the president, John T. Grover. Mr. Quinn was to hold an organizational meeting for the further planning of the Second Bethel Home-Coming and Annual Railroad Tour on Aug. 15.

It is expected that between 300 and 400 railroad enthusiasts will be aboard when the tour leaves Portland for Bethel, Sept. 30. They will remain two or three hours in Bethel, during which time there will be opportunity to lunch in Bethel's eating places, or at booths run by different organizations on Main Street.

Richard Fraser, representing the Maine Obsolete Auto League, announced that many of their cars will be in Bethel on this important date, and it is planned for some to tour the Bethel visitors—both railroad tour members, and homecoming natives around the village.

Guy P. Butler, who is heading up a fund drive for the Society, starting in September after the annual meeting on Sept. 7, showed the new membership pledge cards, and discussed the classifications of membership.

Mrs. Marguerite Quinn reported on the sales at the Mallyockett Day Historical Society Booth. This plus food sales in the past have helped considerably to enlarge the treasury, and other projects will be underway, bearing in mind the future costs of the maintenance of the Dr. Moses Mason House as a museum.

Mrs. Ernest Holt presented the Society with a very interesting 100-year-old friendship quilt — bearing names of many Bethel ladies then living—from the estate of the late

SUGGESTED THAT SNOWMOBILES BE REGISTERED EARLY

What snowmobiler would prefer to stand in line in a hot office, watching the snow swirling outside, instead of taking just a few minutes now to get his machine registered?

According to Lorenzo J. Gaudreau, head of Maine's Snowmobile Registration Office, there's a great chance at present to avoid the long lines. "Last year, with splendid public co-operation," he says, "we were able to handle registrations on a here-today-gone-tomorrow basis."

"We hope to repeat this no-delay processing this year," he continues, "but it will take public co-operation again. That's why we are urging people to register their machines now for the 1972-73 season."

Snowmobilers obviously agree, for the office registered 360 machines during July, compared with just over 200 in July 1971.

All registrations must be made through the Augusta office, either in person or by mail — except for nonresidents, who may register with numerous agents around the state.

ATTENTION: T. R. H. S. GIRLS' FIELD HOCKEY CANDIDATES

All interested in playing varsity field hockey at Telstar Regional High School this year should go to the school's general office and pick up a summer conditioning schedule. Physical examinations will be held at Telstar Regional High School at 8:30 a. m., Tuesday, Aug. 29. (The physicals will include those girls interested in field hockey and the cheering squads.)

Ada Bean, for which Mrs. Holt was executor.

At this time the Society would like to suggest that Bethel people both resident in town and elsewhere, be thinking about any household things they may later wish to present the Society for use in the Museum. At the moment the Society does not

My thanks to those of you who voted for me as a Director of Oxford Administrative District #1. I have indicated my resignation from the Board effective Sept. 1, 1972, because my wife and I start teaching in the district this fall and state law prohibits my serving in this capacity.

I have gained a good experience from the Board's duties and also from your trust in me.

From beginning to end, the season was very rewarding. A run-down of the games and highlights will give the idea.

June 27, Bryant Pond: Cummings and Blake, 4 hits each with Brooks driving in five runs. Blake got the win with 17 strike-outs. July 4, Rumford "A": Brooks and Cummings 3 hits each with Cummings driving in four runs. Murphy, the win. July 6, Mexico: Brooks, Blake and Cummings three hits each with Cummings driving in five runs. Blake, the win, a one-hitter with 18 strike-outs. July 11, Rumford "C": Bill Murphy, the stand-out, shut them out in a no-hitter. July 13, Smith's Crossing: Slugging Randy Olson banged out three hits (two doubles), Wayne Cummings, the win. July 18, Rumford "B": Our first home run of the season—Doug Brooks' shot to left. Murphy, the win in relief of Blake. July 20, Rumford Point: Cummings a no-hitter, high lighted by a 14 strike-out performance.

July 20, Rumford "A": Two hits by W. Cummings and Doug Brooks 2nd home run of the season, high lighted the hitters, as Bill Murphy pitched a one-hitter. The only hit, a bad hop grounder to left in the 5th inning.

July 27, Bryant Pond: A determined Bryant Pond team with strong pitching from Elton Cole held Bethel to five hits, but a 3rd home run by Brooks and no-hitter with 15 strike-outs by Blake were too much for them. July 31, Mexico: Behind 2-1 until the 4th inning. Bethel bounced back with six runs and went on to win behind Wayne Cummings Big gun at the plate, Paul Farrar, two hits and two RBIs.

Aug. 6, Ted Williams' Camp: On Aug. 6, the Bethel Ponies left for Boston for a week end of baseball. After watching the Red Sox down Baltimore 5-3 on Petrocelli's six RBIs, they left for Lakeville, Mass., and their Sunday encounter with the Ted Williams' Camp team.

By now the boys were on the field for practice and at 1:30 the umpire called "Play Ball" and the most exciting game of the season was underway. At the end of four innings, Ted Williams led 2-0, but in the 5th, Bethel came back to tie the score, only to see the camp team score two more in their half of the 6th. Our boys came back with three runs in the 6th and held the lead until the end of the 6th, when the camp team scored twice to go ahead 6-3. In the seventh Bethel scored on Randy Olson's single and the game was tied.

In the 8th, Malcolm Bennett drove in the go-ahead run and Bethel went on to win, 6-6. Bill Murphy got the win in relief of Peter Blake.

August 7, Smith's Crossing: Another win, highlighted by Levi Brown's no-hitter. August 10, Rumford Point: Olson and Blake, three hits each and W. Cummings' 4th win August 14, Rumford "B": The season's finale. Bill Murphy the win and an extension of his scoreless streak.

The Bethel Ponies would like to thank everyone who helped to make this such a productive and rewarding season. Without a field, fans, umpires etc., our season would not have been.

BILING CRAZE BRINGS

BIKE ACCIDENTS

Accidents in the United States number 75 million this year, a phenomenal increase of 50 million bikes in 10 years ago. Sales of two-wheelers are keeping pace with the new cars, prodded by the popularity of the exotic 10-speed bikes. The figure reinforces cyclists' contention that their interest in the fastest growing sport is also becoming a solution to the social problems of pollution and automobile congestion on roads and streets.

Cycle sales are increasing, but unfortunately, the tremendous increase in the use of the bicycle has been accompanied by a similar increase in biking accidents and fatalities, says the Insurance Information Institute.

Maine alone last year, bike accidents resulted in 215 personal injuries and five deaths, according to the Bureau of Traffic Records. Statistics show that in most bike accidents the cyclist violates traffic law. This inattention or failure to yield the right-of-way accounts for the largest number of mistakes, according to the Institute. In more than one-third of bike accidents, the motor vehicle driver violates the rule or regulation.

Most bicycling accidents generate the more severe type. Most accidents occur on city streets, more than 50% of the fatalities and a large percentage of the injuries occur in rural areas.

The Institute suggests that bike riders should obey all the traffic laws, familiarize themselves with the precautions of bicycling, and at the same time, points out that motorists should watch out for bike riders.
